

AMENDMENTS TO THE SPECIFICATION

Please amend the Title of the Invention as follows:

STREAMING SYSTEM USING SESSION DESCRIPTION PROTOCOL MANAGEMENT
INFORMATION

Please amend the Specification as follows:

Add the following new section heading to the specification at page 1, line 2, above the current section heading “TECHNICAL FIELD” as follows:

BACKGROUND OF THE INVENTION

TECHNICAL FIELD

Delete the section heading “DISCLOSURE OF THE INVENTION” in the specification at page 3, line 11 as follows:

~~DISCLOSURE OF THE INVENTION~~

Add the section heading "BRIEF SUMMARY OF THE INVENTION" to the specification at page 3, line 21, before the paragraph that currently starts in the specification at page 3, line 21, and ends on page 4, line 1, and amend the referenced paragraph as follows:

BRIEF SUMMARY OF THE INVENTION

In a current internet region, multimedia streaming transmitted by using an RTP/UDP with RTSP/SDP is increasingly popular ~~popularized~~, and an end user can more easily use the expensive contents. Regardless of a transmission protocol used ~~using~~ in the transmission of the contents, a session level is described by using a session description protocol (SDP), wherein ~~[[and]]~~ various attributes to describe a media level are stored to make the contents easy to use, ~~contents~~

Amend the section heading in the specification at page 11, line 8 as follows:
